## Vasantrao Naik Mahavidyalaya Academic Quality Policy

To promote and enhance academic quality, promulgate good practice, assure the quality of learning opportunities and the standards of college programmes, awards and provide evidence of quality to stakeholders.

The college approach to quality management is about finding way of enhancing the learning opportunities made available to students as well as about assuring quality and standards. Changing practice in and views of, learning, teaching and evaluation and to promote it through discussions, reflection and exposures to examples of good practices.

Embedding quality enhancement actions within the work that is already undertaken at all levels across the college, avoiding unnecessary creation of system or duplication of activity. Processes for validation, monitoring and review are culminated in identifying shared themes, areas for development and enhancement and activities to be commended into output which normally take, the form of enhancement and development plans. This academic quality is based on following principles.

- 1. Standard-** To adhere to the curricular standards set out by UGC in its regulations. Award are set at the appropriate level and our activities which support maintenance of the academic standard include external representation on validation and review pannels, external examiner arrangements and program monitoring including analysis of data on student achievement.

- 2. Ownership** - Responsibility for quality is shared by all staff and students. The authority to make decisions should be exercised at the appropriate level and individuals are enabled to exercise, execute responsibility for certain processes or protocols where this is a part of their substantive role. Students have a responsibility to contribute their views through their programme, through participation in quality management processes such as periodic reviews and validation and through course /paper level survey.
- 3. Accountability-** The college is accountable to its stakeholders for the quality and standard of its academic programmes and awards. The IQAC has overall accountability for the quality of academic programmes.
- 4. Continuous enhancement-** Staff are expected to engage in reflective practice and critical self evaluation. Sharing of good practice and responsiveness to the ideas of others are central features of enhancement. The continuous enhancement of quality also depends upon the individual effort of the college staff. The development of staff is actively supported through a range of development programmes and professional development opportunities.
- 5. Resolutions-** The local management council is committed to responding in a timely manner to the views of stakeholders and to the prompt resolution of issues.
