MEMORANDUM OF UNDERTAKING

Vasantnaik Shikshan Prasarak Mandal's,
Vasantnaik Mahavidyalaya, Cidco, Chh. Sambhajinagar
Institution's Innovation Council (IIC)

and

Pankh Cyber Solution, Gwalior, Madhya Pradesh

In accordance with a desire to promote cooperation in areas of mutual interest for the benefit of both **Department of Computer Science, Vasantnaik Mahavidyalaya, Chh. Sambhajinagar, India** and **Pankh Cyber Solution, Gwalior, Madhya Pradesh, India** hereby enters into the following agreement.

Scope of Agreement

➤ Objective of the MoU

The objective of this MOU is to establish a collaborative partnership between **Department of Computer Science, Vasantnaik Mahavidyalaya** and **Pankh Cyber Solution** aimed at enhancing student employability, bridging the gap between academic and industry, and promoting mutual growth through internships, training, guest lectures, research collaborations, curriculum development, and faculty development initiatives.

➤ **Collaboration**

Joint activities will be established by mutual agreement of both parties. This collaboration is undertaken to enhance the exchange of technical knowledge and Industrial exposure at the global level.

➤ **Training**

The company will collaborate with the college to provide training programs aimed at enhancing the practical skills and industry readiness of students and faculty. This includes technical training, soft skills development, certification courses, workshops, and industrial exposure. Training may be conducted on-campus, at company premises, or online. A joint committee will coordinate the planning and execution of these programs.

➤ **Placement Activities**

The company agrees to support the college's placement initiatives by providing opportunities for campus recruitment, internships, and project-based engagements. This includes participating in placement drives, sharing job openings with the college, conducting pre-placement talks, and assessing students through interviews or tests. The company may also guide students on industry expectations and interview preparation to enhance their employability.

➤ **Academic Project Guidance**

The company agrees to provide technical guidance and mentorship to students undertaking academic projects, helping them apply theoretical knowledge to real-world problems. Industry experts from the company will support project conceptualization, development, and evaluation, enhancing the learning experience.

➤ **Internship Opportunities**

The Company will offer internship opportunities to students to gain practical work experience in a professional environment. These internships will allow students to develop skills, understand industry workflows, and contribute to live projects under company supervision. Both parties will coordinate to define internship duration, scope, and evaluation criteria to ensure meaningful learning outcomes.

3

➤ **Exchange of Scholars for Seminars, Workshops, and Career Guidance**

Both parties agree to facilitate the exchange of scholars, including faculty and industry experts, to participate in seminars, workshops, and career guidance sessions. This exchange aims to enhance knowledge sharing, professional development, and student career preparedness.

➤ **Duration & Validity**

This MoU shall remain valid for **One** year from the date of signing. It may be reviewed, renewed or terminated earlier by mutual consent or by either party with **One** month's prior notice.

➤ **Responsibilities**

The two parties will designate individuals with responsibility for the coordination and implementation of this agreement.

❖ **Vasantrao Naik Mahavidyalaya, Chh. Sambhajinagar**

- Provide academic support and guidance to students.
- Facilitate student participation in internships, training, and projects.
- Organize placement activities, including interviews and preparation.
- Ensure necessary infrastructure for events and seminars.
- Act as the primary contact for communication with the company.

❖ **Pankh Cyber Solution, Gwalior, Madhya Pradesh**

- Offer internships, training, and project mentorship to students.
- Conduct workshops, seminars, and industry sessions.
- Participate in campus placement drives and interviews.
- Provide career guidance to students.

**Respected Roshni Bagwe
(Vasantrao Naik College Chhatrapati Sambhajinagar)**

Greetings from **Pankh Cyber Solution**, a Gwalior-based cybersecurity startup dedicated to promoting digital safety and cybercrime awareness among India's youth.

We are writing to invite your esteemed institution to collaborate with us on our upcoming Cybersecurity Internship Program, tailored for students **Pursuing BCA, B.Tech (CSE/IT), and Law degrees**. This program aims to provide industry-relevant exposure in the fields of cybercrime investigation, digital forensics, and cyber law.

Mode: Online (Live Sessions)

Eligibility:

Students from BCA, B.Tech (CSE/IT), and Law programs

45-Day Certified Internship

- Practical training in cybercrime case handling, forensic tools, and legal framework
- QR-verified certificates awarded upon successful completion
- Certificates distributed by senior experts.
- Top performer CVs will be recommended directly to cyber cells and investigative agencies

We would be honored to collaborate with your institution and provide this opportunity to your students. Kindly circulate this internship invitation through your placement cell, official channels, and student communities.

Looking forward to your positive response and academic partnership.

Pls FB the topics to be covered in 45 days of Internship & JD for the same

Thanks & Regards**ASMI BHATTACHARYA****Managing Director & Head - Human Resource)**

JD BY PANKH CYBER SOLUTION

Greetings from Pankh Cyber Solution!!!!

“Empowering Youth Through Cybersecurity Education & Innovation”

We are a forward-thinking cybersecurity company committed to building a digitally secure India by equipping students and professionals with industry-relevant skills in cybersecurity, cyber law, and digital forensics.

Founded by Mr. Utkarsh Agrawal — a certified cybercrime investigation expert and forensic specialist — Pankh Cyber Solution is dedicated to bridging the gap between theoretical learning and practical industry exposure through a range of hands-on programs, expert-led sessions, and live projects.

🎯 Our Mission:

To empower students from technical and legal backgrounds with the knowledge, skills, and tools needed to identify, prevent, and respond to modern-day cyber threats.

📦 Why Pankh Cyber Solution?

🔑 **Industry-Centric Curriculum:** We deliver practical, tool-based training designed by certified professionals in line with the latest cyber trends.

👨‍🎓 **Expert Faculty:** Learn directly from ethical hackers, digital forensic experts, and cyber law consultants.

📜 **Certifications with Recognition:** All internships and training come with QR-enabled certificates, acknowledged by cyber experts, police departments, and domain specialists.

Holistic Cyber Education: We integrate cybersecurity with legal awareness, digital rights, and cyber crime case studies — giving students a 360-degree understanding of the field.

- Perform live testing using DVWA or bWAPP platforms.
- Document identified weaknesses and suggest mitigation strategies.

5. Mobile & Wireless Security:

- Explore techniques to analyze and test mobile app and Wi-Fi security.
- Simulate wireless network attacks using tools like Aircrack-ng.
- Learn mobile data recovery and basic digital forensic procedures.

6. Bug Bounty & Tools:

- Get introduced to platforms like HackerOne and Bugcrowd.
- Deep dive into Burp Suite for request/response interception and payload testing.
- Practice writing bug bounty reports for responsible disclosure simulations.

7. Cyber Law & Final Project

- Understand India's cyber laws (IT Act 2000), compliance, and digital rights.
- Collaborate on a final group project: real-life cyber case analysis or incident simulation.

FOLLOW US ON:

CYBERSECURITY INTERNSHIP PROGRAM

Offered by: Pankh Cyber Solution

Duration: 45 Days | 1 Hour per Day

Mode: Online | Hands-on + Mentorship

UTKARSH AGRAWAL
(Cyber Crime Investigation Specialist)

WEEKLY BREAKDOWN:

Week 1: Networking & OS Basics

- OSI Model, Subnetting, Ports, VMs

Week 2: Ethical Hacking Intro

- Hacking Phases, Recon, Nmap, Zenmap

Week 3: Vulnerability & Exploitation

- Nessus, OpenVAS, Metasploit (Hands-on)

Week 4: Web App Security

- OWASP Top 10, SQLi, XSS, DDoS/BWAPP

Week 5: Mobile, Wireless & Forensics

- Mobile Hacking, Wi-Fi Attacks, Data Recovery

Week 6: Bug Bounty & Tools

- HackerOne, Burp Suite, Report Writing

Week 7: Cyber Laws & Final Project

- IT Act, Privacy, Compliance, Certification Test

KEY FEATURES:
